Melissa Gould's hopeful memoir of grieving outside the box and the surprising nature of love. When Melissa Gould's husband, Joel, was unexpectedly hospitalized, she could not imagine how her life was about to change. Overwhelmed with uncertainty as Joel's condition tragically worsened, she offered him the only thing she could: her love and devotion. Her dedication didn't end with his death. Left to resume life without her beloved husband and raise their young daughter on her own, Melissa soon realized that her and Joel's love lived on. Melissa found she didn't fit the typical mold of widowhood or meet the
expectations of mourning. She didn't look like a widow or act like a widow, but she felt like one. Melissa was widowish. Melissa's personal journey through grief and beyond includes unlikely inspiration from an evangelical preacher, the calming presence of some Real Housewives, and the unexpected attention of a charming musician. A modern take on loss, Widowish illuminates the twists of fate that break our world, the determination that keeps us moving forward, and the surprises in life we never see coming.

Oprah Winfrey is an American media proprietor, talk show host, actress, producer, and philanthropist. She is best known for her talk show The Oprah Winfrey Show, which was the highest-rated television program of its kind in history and was nationally syndicated from 1986 to 2011 in Chicago, Illinois. Dubbed the "Queen of All Media," she was the richest African American of the 20th century and North America's first multi-billionaire black person, and has been ranked the greatest black philanthropist in American history. Several assessments rank her as the most influential woman in the world. Winfrey was born into poverty in rural Mississippi to a teenage single mother and later raised in an inner-city Milwaukee neighborhood. She has stated that she was molested during her childhood and early teens and became pregnant at 14; her son died in infancy. Sent to live with the man she calls her father, Vernon Winfrey, a barber in Tennessee, she landed a job in radio while still in high school and began co-anchoring the local evening news at the age of 19. Her emotional ad-lib delivery eventually got her transferred to the daytime talk show arena, and after boosting a third-rated local Chicago talk show to first place, she launched her own production company and became internationally syndicated. Credited with
creating a more intimate confessional form of media communication, she is thought to have popularized and revolutionized the tabloid talk show genre pioneered by Phil Donahue, through which, according to a Yale study, she broke 20th-century taboos and allowed LGBT people to enter the mainstream. By the mid-1990s, she had reinvented her show with a focus on literature, self-improvement, and spirituality. Though criticized for unleashing a confession culture, promoting controversial self-help ideas, and having an overly emotion-centered approach, she is often praised for overcoming adversity to become a benefactor to others. From 2006 to 2008, her endorsement of Obama, by one estimate, delivered over a million votes in the close 2008 Democratic primary race. In 2013, she was awarded the Presidential Medal of Freedom by President Barack Obama and honorary doctorate degrees from Duke and Harvard.

A bestselling author goes behind the lens of a legendary photographer to capture a magical time. A consummate photojournalist, Stanley Tretick was sent by United Press International to follow the Kennedy campaign of 1960. The photographer soon befriended the candidate and took many of JFK's best pictures during this time. When Kennedy took office, Tretick was given extensive access to the White House, and the picture magazine Look hired him to cover the president and his family. Tretick is best known today for the photographs he took of President Kennedy relaxing with his children. His photographs helped define the American family of the early sixties and lent Kennedy an endearing credibility that greatly contributed to his popularity. Accompanied by an insightful, heartwarming essay from Kitty Kelley—Tretick's close friend—about the relationship between the photographer and JFK,
Capturing Camelot includes some of the most memorable images of America's Camelot and brings to life the uniquely hopeful historical era from which it emerged.

“Shimmering in blue sequins and periwinkle eye shadow, Elizabeth Taylor strode onto the stage of the Mark Hellinger Theater to present the 1981 Antoinette Perry Award for Broadway’s best musical...As she started to speak, the entire audience suddenly rose to give her a standing ovation. Wildly cheering, the crowd paid homage to the woman whose beauty had for so long enchanted the America. Now ripe and opulent at forty-nine, she no longer looked like the little girl who had ridden to glory in National Velvet; but the audience did not care, She could still bestow a touch of magic.”—from the preface This biography of Elizabeth Taylor tells her story as no other can. Drawing on extensive reporting and interviews, Kitty Kelley’s classic portrait follows the rise, fall, and rebirth of the woman who was perhaps Hollywood’s brightest star. Now with a new Afterword by the author, this is the definitive record of Elizabeth Taylor’s fascinating life.

Relates the remarkable story of Billy Tipton, a female jazz musician who lived as a man for nearly fifty years

When news of the budding romance between a beloved English prince and an American actress broke, it captured the world’s attention and sparked an international media frenzy.

Recounts Martin Luther King Jr.'s iconic "I Have a Dream" speech during the March on
Washington for Jobs and Freedom, describing the hardships and triumphs King encountered along his journey.

A bestselling author and legendary photographer present an illuminating look at a pivotal moment in our nation's history: The March on Washington. Despite the heat and humidity, people came in droves from across the country and around the world, heading for the towering spire of the Washington Monument in our nation's capital. All of the marchers—black, white, Christian, and Jew—shared the same dream: freedom and equality for 19 million African Americans. Almost 300,000 strong, the marchers poured into Washington, D.C., to bear witness, to hear the immortal words of Martin Luther King, Jr., and to petition Congress to pass the President's Civil Rights bill. Stanley Tretick, a seasoned photojournalist best known for his iconic images of President Kennedy and his family, was also in the crowd, drawing inspiration from the historic scenes unfolding before him. In this magnificent book, his stirring photographs of that day are published for the first time. Accompanied by an insightful essay and captions from bestselling author Kitty Kelley, as well as a moving foreword by Marian Wright Edelman, Let Freedom Ring commemorates the fiftieth anniversary of the March on Washington and celebrates the crescendo of the Civil Rights movement in America.

Andrew Morton uncovers the true story of the biggest celebrity of our age. Everyone knows Tom Cruise—or at least what he wants us to know. We know that the man behind the smile overcame a tough childhood to star in astonishing array of blockbusters: Top Gun, Rain
Man, Born on the Fourth of July, A Few Good Men, Jerry Maguire, several Mission: Impossible movies, and more. We know he has taken artistic chances, too, earning him three Academy Award and Golden Globe nominations. But beyond that, the picture becomes a bit less clear. We know that Tom is a devoted follower of the Church of Scientology. We know that, despite persistent rumors about his sexuality, he has been married to Mimi Rogers, Nicole Kidman, and Katie Holmes. But it was not until he jumped on Oprah's couch to proclaim his love for Katie and denounced Brooke Shields for turning to the "Nazi science" of psychiatry that we began to realize how much we did not know about the charming, hardworking star. For all the headlines and the rumors, the real Tom Cruise has remained surprisingly hidden—until now.

A portrait of the political and social life of Georgetown cites the influence of such women as Katharine Graham, Lorraine Cooper, and Sally Quinn, while offering insight into Washington life in the late twentieth century.

BEYONCÉ needs only a one-word introduction. She is universally recognised and has a platform the world over. She is a singer, an artist, an activist and an icon. In this innovative graphic biography, Beyoncé’s genius is explored and celebrated like never before, with fun infographics looking at the highlights and success of her career – as well as the all-important breakdown of some of her most popular dance routines. Beyoncé’s astonishing accomplishments are also showcased against fellow legends of the industry. Drawing on her 26-year career, Chris Roberts tells the story of how a young singer from Texas
transformed herself into a global superstar who came to dominate the charts. And who has come to represent so much more than the pop industry. Through philanthropy, politics and campaigning, Beyoncé has broken the mould of what it means to be a superstar.

eBook Bonus: New Photos plus Video, Blog and Interview links. What happens when a thirty-five-year-old average American woman spends one year following every piece of Oprah Winfrey's advice on how to "live your best life"? Robyn Okrant devoted 2008 to adhering to all of Oprah's suggestions and guidance delivered via her television show, her Web site, and her magazine. Living Oprah is a month-by-month account of that year. Some of the challenges included enrollment in Oprah's Best Life Challenge for physical fitness and weight control, living vegan, and participating in Oprah's Book Club. After 365 days of Living Oprah, Okrant reflects on the rewards won and lessons learned as well as the tolls exacted by the experiment.

The first comprehensive biography of one of the most influential, powerful and admired public figures of our time is based on three years of research and reporting as well as 850 interviews with sources, many of whom have never before spoken for publication. 600,000 first printing.

Literary ombudsman John Crace never met an important book he didn't like to deconstruct. From Salman Rushdie to John Grisham, Crace retells the big books in just 500
bitingly satirical words, pointing his pen at the clunky plots, stylistic tics and pretensions to Big Ideas, as he turns publishers golden dream books into dross. In the grand tradition of Tom Lehrer and Stan Freberg, Crace takes the books that produce the most media hype and retells each story in its authors inimitable style. Philip Roth, Don Delillo, Margaret Drabble, Paul Auster, Alice Sebold, John Updike, Tom Wolfe, Ruth Rendell, A.S. Byatt, John LeCarre, Michael Crichton and Ian McEwan all emerge delightfully scathed in this book that makes it easy to talk knowingly about books you've never bothered to read or, for that matter, should have.

A shocking portrait of the 1980s, America, and the woman whose position helped shape the values and policies of the Reagan administration. Through over 1,000 interviews collected during four years of exhaustive research and reporting, Kelley reveals Nancy Reagan as a superb public performer, a vain, materialistic social climber, a bitter foe and formidable strategist—an American phenomenon.

For the first time, the most secretive and powerful dynasty in American history has all of its secrets revealed. This is the book the Bush family do not want you to read. Over the past one hundred years, the Bush family have made millions of dollars, dominated the US government, and created a legacy unlike any other American family. Prescott Bush was a two-time Senator from Connecticut who had the ear of Dwight D. Eisenhower and tangled with Joe McCarthy. His son, George H.W. was a congressman, the head of the CIA, Vice-President under Ronald Reagan and then the 41st President of the United States. One of
his sons, Jeb, is governor of Florida and almost certainly a future presidential candidate. The eldest son, George W., is the 43rd president - possibly the most polarizing and controversial head of state in American history. How did these men - backed and often controlled by strong and single-minded women - rise to power? How did they manoeuvre their way from Yale and the secretive Skull and Bones through back door politics, the CIA, and the White House to have so much control over international politics? The answers are startling. Kitty Kelley has written a compelling portrait of a family addicted to wealth and power. From Prescott Bush's lies about his heroism during the First World War, and George Bush senior's relationship with his wife Barbara, his unsuccessful campaign for Texas senator and his actions as the head of the CIA, the Vice-President and President of the United States, to his sons' current positions of power and influence in US politics. George Bush junior's successes and failures have had closer public scrutiny than any other member of the family, but Kitty Kelley leaves no stone unturned in her examination of his childhood, his relationship with his parents, his party days at Andover and Yale, his business dealings, his rise to political power and his performance as the 43rd President of the United States.

Tips for Monster Hunting Check the deepest part of the ocean. Or let someone with a submarine check it for you. Order a monster egg online. Make sure it won't hatch before it arrives. Don't. What are you, crazy? You don't need to look. The monsters will find you.

Quotes on empowerment, risk-taking, work/life balance, leadership, philanthropy, and more from “one of the most successful entrepreneurs of her generation” (Forbes). The public’s appetite for all things Oprah Winfrey has waned little since her Chicago TV debut in 1983. Known as a self-help guru and the “Queen of All Media,” Oprah (it’s almost impossible not to refer to her by her globally recognized first name) has been shining light on social issues and encouraging fans to “live your best life” for more than 30 years, revolutionizing her corner of the entertainment industry in the process. Own It: Oprah
Winfrey in Her Own Words provides a unique look into the wisdom and thought processes of one of the most adored, respected, and powerful women in the world. This book collects her most insightful quotations, centered around her media career, life lessons, entrepreneurship, and remarkable personal story... “The key is not to worry about being successful but to instead work toward being significant—and the success will naturally follow. How can you serve your way to greatness?” —O, The Oprah Magazine

“[Multitasking] is a joke for me. When I try to do that, I don’t do anything well.” —Fast Company

“Life is always speaking to us, especially in our greatest trials. The question is will you listen to the whispers.” —Ebony

Candid, moving, exhilarating, uplifting, and frequently humorous, the words Oprah shares in What I Know For Sure shimmer with the sort of truth that readers will turn to again and again. As a creative force, student of the human heart and soul, and champion of living the life you want, Oprah Winfrey stands alone. Over the years, she has made history with a legendary talk show (the highest-rated program of its kind), launched her own television network, become the USA's only African-American billionaire, and been awarded both an honorary degree by Harvard University and the Presidential Medal of Freedom. From all her experiences, she has gleaned life lessons - which, for fourteen years, she's shared in O, The Oprah Magazine's widely popular 'What I Know For Sure' column, a monthly source of inspiration and revelation. Now, for the first time, these thoughtful gems have been revised, updated, and collected in What I Know For Sure, packed with insight and revelation from Oprah Winfrey. Organized by theme – joy, resilience, connection, gratitude,
possibility, awe, clarity, and power – these essays offer a rare, powerful and intimate glimpse into the heart and mind of one of the world's most extraordinary women, while providing readers a guide to becoming their best selves.

Based on three years of research and reporting as well as 850 interviews with sources, many of whom have never before spoken for publication, Oprah is the first comprehensive biography of one of the most influential, powerful, and admired public figures of our time. Anyone who is a fan of Oprah Winfrey or who has followed her extraordinary life and career will be fascinated and newly informed by the closely observed, detailed, and well-rounded portrait of her provided by Kitty Kelley's exhaustively researched book. Readers will come away with a greater appreciation of who Oprah really is beyond her public persona and a fuller understanding of her important place in American cultural history.--From publisher description.

For the past 25 years, no one has been better at revealing secrets than Oprah Winfrey. In turn, Oprah has allowed her audience to share in her own life story. After a quarter of a century of Oprah-isation, can there be any secrets left to reveal? Yes. Kitty Kelley gives us an unvarnished look at the stories Oprah has told and the life she's lead.

For the past twenty-five years, no one has been better at revealing secrets than Oprah Winfrey. On what is arguably the most influential show in television history, she has gotten her guests—often the biggest celebrities in the world—to bare their love lives, explore their
painful pasts, admit their transgressions, reveal their pleasures, and explore their demons. In turn, Oprah has repeatedly allowed her audience to share in her own life story, opening up about the sexual abuse in her past and discussing her romantic relationships, her weight problems, her spiritual beliefs, her charitable donations, and her strongly held views on the state of the world. After a quarter of a century of the Oprah-ization of America, can there be any more secrets left to reveal? Yes. Because Oprah has met her match. Kitty Kelley has, over the same period of time, fearlessly and relentlessly investigated and written about the world’s most revered icons: Jacqueline Kennedy Onassis, Frank Sinatra, Nancy Reagan, England’s Royal Family, and the Bush dynasty. In her #1 bestselling biographies, she has exposed truths and exploded myths to uncover the real human beings that exist behind their manufactured facades. Turning her reportorial sights on Oprah, Kelley has now given us an unvarnished look at the stories Oprah’s told and the life she’s led. Kelley has talked to Oprah’s closest family members and business associates. She has obtained court records, birth certificates, financial and tax records, and even copies of Oprah’s legendary (and punishing) confidentiality agreements. She has probed every aspect of Oprah Winfrey’s life, and it is as if she’s written the most extraordinary segment of The Oprah Winfrey Show ever filmed—one in which Oprah herself is finally and fully revealed. There is a case to be made, and it is certainly made in this book, that Oprah Winfrey is an important, and even great, figure of the twentieth and twenty-first centuries. But there is also a case to be made that even greatness needs to be examined and put under a microscope. Fact must be separated from myth, truth from hype. Kitty Kelley has made that separation, showing both sides of Oprah as they have never
been shown before. In doing so she has written a psychologically perceptive and meticulously researched book that will surprise and thrill everyone who reads it.

02

The autobiography of one of America's most celebrated women offers new revelations about her life, her rags-to-riches rise to success, and such social issues as race and gender. Simultaneous. (Biography)

Presents the life of the African American talk-show host, describing her rise from poverty to her current status as one the country's most financially successful and influential television personalities

When Jess gets chicken pox it seems glamorous at first, but soon she gets tired of being stuck at home.

In this book - an ABC of the genre, with 26 entries - two renowned biographers and teachers take us on a tour, from A for Authorization to Z for Zigzagging to the End. In trenchant, witty entries they explore the good, the bad and the plain ugly in modern 'life writing' and the portrayal of real lives today - and how, across history and continents, we got here. This book will fascinate general readers interested in how real lives are
approached by biographers today in a multitude of media. It will make a much-needed contribution in academia, as well as providing an important text for students of history, language and literature, the arts, science and media. And, not least, for biographers trying to avoid the pitfalls of ignorance or ineptitude.

Millions of us are locked into an unwinnable weight game, as our self-worth is shredded with every diet failure. Combine the utter inefficacy of dieting with the lack of spiritual nourishment and we have generations of mad, ravenous self-loathing women. So says Geneen Roth, in her life-changing new book, Women, Food and God. Since her 1991 bestseller, When Food Is Love, was published, Roth has taken the sum total of her experience and combined it with spirituality and psychology to explain women's true hunger. Roth's approach to eating is that it is the same as any addiction - an activity to avoid feeling emotions. From the first page, readers will be struck by the author's intelligence, humour and sensitivity, as she traces the path of overeating from its subtle beginnings through to its logical end. Whether the drug is booze or brownies, the problem is the same: opting out of life. She powerfully urges readers to pay attention to what they truly need - which cannot be found in a supermarket. She provides seven basic guidelines for eating (the most important is to never diet) and shares reassuring, practical advice that has helped thousands of women who have attended her highly successful seminars. Truly a thinking woman's guide to eating - and an anti-diet book - women everywhere will find insights and revelations on every page.
A biography of Oprah Winfrey examines the personal life and career of the influential icon and discusses her place in modern American culture.

The #1 New York Times bestselling, controversial portrait of the British royal family -- as told from behind the palace walls -- for fans of Netflix's The Crown and all royal watchers. They are the most chronicled family on the face of the globe. Their every move attracts headlines. Now Kitty Kelley has gone behind the scenes at Buckingham Palace, Windsor Castle and Kensington Palace to raise the curtain on the men and women who make up the British royal family. Queen Elizabeth, Prince Charles, Princess Diana here are the scandals of the last decades: the doomed marriages and the husbands, wives, lovers and children caught in their wake and damaged beyond repair. No one is spared.

OPRAH WINFREY: An Oprah Winfrey BiographyFrom rags to riches? Not an easy feat, but it has been done plenty of times before. When you're talking about someone like Oprah Winfrey though, you have to think bigger, and bolder. How about From poverty to the Presidency? There has long been buzz around the multimedia mogul mounting a challenge against Republican Donald Trump for the United States Presidential elections of the year 2020. Calls for her to run for the highest office in the land have come from various corners, particularly many Democrats, women, and people of color. These calls include jokes, of course. But there is something about "#Oprah2020" that distinguishes it from other good-humored trending, celebrity presidential hashtags like "#TheRock2020" or "#Kanye2020" - that is, the scent of delectable, exhilarating possibility. A black, female American from
humble roots, with no experience in public office, whose main claim to fame and source of fortune is a long gone talk show, running to become the leader of the free world? It sounds like a pipe dream, yet Oprah somehow exudes a sense of credibility, and manages to carry such desperate hopes that it just seems possible. She has repeatedly denied any serious interest in running for public office, much less the presidency of the most powerful country in the world. But the simple fact that #Oprah2020 keeps recurring in conversation and has staying power in the news cycles and the public imagination is phenomenal in itself. It is proof of the heights she successfully scaled, even when she started from the very bottom. This is the magic of Oprah Winfrey. She makes anything seem possible by her example. This is her story

The first complete portrait of one of the most influential, powerful, and admired public figures of our time - the international talk show queen revealed as never before.

Offers the true story of a Sudanese boy who, through unyielding faith, overcame a wartorn nation to become an American citizen and an Olympic contender.

University Press returns with another short and captivating biography of one of history's most compelling figures, Oprah Winfrey. Oprah Winfrey has been ranked the most influential woman in the world. As a world-renowned talk show host, television producer, movie actress, best-selling author, celebrity interviewer, and generous philanthropist, she has used her empathy, authenticity, and wit to completely revolutionize American media.
Born in Kosciusko, Mississippi in 1954 to an unmarried teenage mother, Oprah Gail Winfrey was raised in extreme poverty, wore dresses made of potato sacks, suffered abuse, became pregnant, lost her son to a premature birth, became an honors student, was voted "Most Popular Girl" in her high school, won a full college scholarship, became the youngest - and first black female - television news anchor in Nashville, took the lowest-rated show in Chicago and turned it into the number-one daytime talk show in America, and became America's first black multi-billionaire. This short book tells the intensely human story of a woman who is changing the world in a way that no one else can.

She was the definition of White House style for too brief a time. And as a private citizen, we couldn't seem to get enough of her. Here is the inside, outside, upside and downside of our own American princess. Tragic, heroic, private: the image of Jacqueline Kennedy Onassis remains the image of an American icon that will never lose its ability to charm and fascinate.

Chronicles the life and accomplishments of the internationally famous Argentinian guerrilla fighter.

#1 NEW YORK TIMES BESTSELLER • With a new afterword by the author in honor of Frank Sinatra’s 100th birthday This is the book that Frank Sinatra tried—but failed—to keep from publication, and it’s easy to understand why. This unauthorized biography goes behind the iconic myth of Sinatra to expose the well-hidden side of one of the most
celebrated—and elusive—public figures of our time. Celebrated journalist Kitty Kelley spent three years researching government documents (Mafia-related material, wiretaps, and secret testimony) and interviewing more than 800 people in Sinatra’s life (family, colleagues, law-enforcement officers, friends). The result is a stunning, often shocking exposé of a man as tortured as he was talented, as driven to self-destruction as he was to success. Featuring a new afterword by the author, this fully documented, highly detailed biography—filled with revealing anecdotes—is the penetrating story of the explosively controversial and undeniably multitalented legend who ruled the entertainment industry for fifty years and continues to fascinate to this day. Praise for His Way “The most eye-opening celebrity biography of our time.”—The New York Times “A compelling page-turner . . . Kitty Kelley’s book has made all future Sinatra biographies virtually redundant.”—Los Angeles Herald Examiner

Oprah Winfrey is a media messiah for a secular age. This book is an examination of the religious dimensions of Oprah Winfrey's empire, deploying the idiom of US religious history and metrics of religious studies to assess Winfrey's success on the national and international scene.
