The Green House

The Role of Fiction in Times of Despair

Ricardo Somojurco is in love with a bad girl. He loves her as a teenager known as 'Lily' in Lima in 1950, where she claims to be from Chile but vanishes the moment her claim is exposed as fiction. He loves her next in Paris as 'Comrade Arlette', an activist en route to Cuba, an icy, remote lover who denies knowing anything about the Lily of years gone by. Whose the bad girl turns up as and however poorly she treats him, Ricardo is doomed to worship her. Gifted liar and irresistible, maddening muse - does Ricardo ever know who she really is?

Binding Violence

Mario Vargas Llosa has been making waves in cultural and political spheres for over thirty years. Making Waves presents for the first time in English a collection of his essays, a journey through time, through geographical locations, plotting the intellectual biography of one of the world's finest writers. We follow Vargas Llosa from Peru to France, where he writes on Sartre, Simone de Beauvoir and Camus, visits the dog cemetery which contains the tomb of Rin Tin Tin, and describes the life of the aspirant writer in the Paris of the 1960s. In Britain, he examines the writings of Doris Lessing and Salman Rushdie, the house in Dean Street where Karl Marx lived, and - in a hilarious and celebrated memoir - considers the transformation of his son, Gonzalo, into a rastafarian.

Children of Monsters

A visitor from Peru, happening upon an exhibition of photographs from the Amazon jungle in an obscure Florentine picture gallery, finds his attention drawn to a picture of a tribal storyteller seated among a circle of Michigan Indians. There is something odd about the storyteller. He is too light-skinned to be an Indian. As the visitor stares at the photograph, it dawns on him that he knows this man. The storyteller is his long-lost friend, Saul Zuratas, his classmate from school who was thought to have disappeared in Brazil. The storyteller is a brilliant and compelling study of the world of the primitive and its place in our own modern lives.

The Bad Girl

WINNER OF THE NOBEL PRIZE IN LITERATURE Guatemala, 1954. A CIA-supported military coup topples the government. Behind this violent act is a lie passed off as truth, which forever changed the development of Latin America: that those in power encouraged the spread of Soviet communism in the Americas. Mario Vargas Llosa has written a drama on a world stage, in which some perpetrators end up as victims of the very plot they helped construct. Iconic and sensual, provocative and redemptive, Harsh Times is a story of international conspiracies and conflicting interests in the time of the Cold War, the echoes of which are still felt today.

In Praise of Reading and Fiction

Goat for Yahweh, Goat for Azazel

In Who Killed Palomino Molero? Mario Vargas Llosa has turned to detective fiction. The setting is Peru in the 1950s. Near an air force base in the northern deserts, a young airman is found brutally tortured and murdered. Two local policemen, Lieutenant Silva and Officer Lituma, set out to investigate. But they are not glamorous detectives with modern resources at their disposal; they don't even have a squad car and have to hitch rides on chiken trucks and cajole a local cabdriver to take them out to the scene of the crime. Not that anyone seems eager for Silva and Lituma to capture Palomino Molero's killer. The two policemen persevere, and the slow and haphazard pace of the investigation only serves to intensify the high-pitched narrative tension, as the novel comes to balkingly rest on the very question with which it began. Who killed Palomino Molero? is an entertaining and brilliantly plotted mystery. It is also serious fiction. Deftly, unobtrusively, the book takes up some of the great themes of all of Vargas Llosa's novels: guilt and innocence, the impossibility of justice in a society grounded in inequality and the eternally elusive nature of the truth.

Anxieties of Experience

What's it like to be the son or daughter of a dictator? A monster on the Stalin level? What's it like to bear a name synonymous with oppression, terror, and evil? Jay Nordlinger set out to answer that question, and does so in this book. He surveys 20 dictators in all. They are the worst of the worst: Stalin, Mao, Idi Amin, Pol Pot, Saddam Hussein, and so on. The book is not about them, really, though of course they figure in it. It's about their children. Some of them are absolute loyalists. They admire, revere, or worship their father. Some of them actually succeed their father as dictator--as in North Korea, Syria, and Haiti. Some of them have doubts. A couple of them become full-blown dissenters, even defectors. A few of the daughters have the experience of having their husband killed by their father. Most of the children are rocked by war, prison, exile, or other upheaval. Obviously, the children have things in common. But they are also individuals, making of life what they can. The main thing they have in common is this: They have been dealt a very, very unusual hand. What would you do, if you were the offspring of an infamous dictator, who lords it over your country? An early reader of this book said, "There's an opera on every page": a drama, a tragedy (or even a comedy). Another reader said he had read the chapter on Bokassa "with my eyes on stalks." Meet these characters for yourself. Marvel, shudder, and ponder.
**The Storyteller**

An exciting new textbook introduction to contemporary sexual politics. This book offers an exploration of the theoretical approaches to the study of gender and sexuality, and a critical appraisal of contemporary debates within and between some of the main sexual politics movements. The arguments are illustrated with case studies that demonstrate the ways in which gender and sexuality have affected the political and public policy agendas in the UK in recent decades. The book is unique in drawing upon three research areas: feminist theory, lesbian and gay studies, and critical studies of masculinity. Queer theory and post-feminism are critiqued and the author argues that the battle for sexual diversity must encompass the flight against male domination and gender inequalities. Sexual Politics: An Introduction will be an ideal text for students of politics, sociology, gender studies and cultural studies, and anyone with an interest in gender and sexuality.

**In Praise of the Stepmother**

'Anxieties of Experience' offers a new interpretation of US and Latin American literature. **The Facts on File Companion to the World Novel**

With meticulous observation and the seductive skill of a great storyteller, Vargas Llosa lures the reader into the shadow of perversion that, little by little, darkens the extraordinary happiness and harmony of his characters. The mysterious nature of happiness and above all, the corrupting power of innocence are the themes that underlie these pages, and the author has perfectly met the demands of the erotic novel, newer dimming for an instant the fine poetic polish of his writing.

**The Feast of the Goat**

The author describes how he wrote each of his six novels, and discusses the influence of Borges on his work.

**Mario Vargas Llosa**

The Peruvian Mario Vargas Llosa has been acclaimed throughout the literary world as one of Latin America's finest writers, yet until recently little has been written about his work in English. While his work has the subject of an increasing flow of critical commentary in Spanish and his major novels have been translated into English, this is the first full-scale critical treatment of Vargas Llosa published in the English language. These articles by a number of established writers and critics appraise Vargas Llosa's individual novels as well as the body of his work. The Time of the Hero, The Green House, Conversation in The Cathedral, and Pantaleon y las visitadoras are examined in order of publication. A second group of more general essays ranges across Vargas Llosa's work and explores pervasive themes and concerns. Two pieces by José Miguel Oviedo serve as a coda. In a bilingual interview, Oviedo and Vargas Llosa discuss Vargas Llosa's novel La tía Julia y el escribidor. Oviedo concludes with a critical discussion of that novel. A Vargas Llosa chronology compiled by the editors is also included. Most of these essays originally appeared in 1977 as a special issue of Texas Studies in Literature and Language. The concluding essay by Oviedo was prepared especially for this edition.

The novel is set in Leoncio Prado Military Academy in Lima, where a group of cadets attempt to break out of the vicious round of sadistic raping, military discipline, confinement and boredom. But their pranks set off a cycle of betrayal, murder and revenge which jeopardizes the entire military hierarchy. 'A work of undeniable power and skill.' Sunday Telegraph

Study Guide

Set in an isolated, rundown community in the Peruvian Andes, Vargas Llosa's novel tells the story of a series of mysterious disappearances involving the Shining Path guerrillas and a local couple performing cannibalistic sacrifices with strange similarities to the Dionysian rituals of ancient Greece. Part detective novel and part political allegory, it offers a panoramic view of Peruvian society not only of the current political violence and social upheaval, but also of the country's past and its connection to Indian culture and pre-Hispanic mysticism.

The Notebooks of Don Rigoberto

From the Nobel laureate comes a politically charged detective novel weaving through the underbelly of Peruvian privilege, translated by Edith Grossman. In the 1990s, during the turbulent and deeply corrupt years of Alberto Fujimori's presidency, two wealthy couples of Lima's high society become embroiled in a disturbing vortex of erotic adventures and politically driven blackmail. One day, Enrique, a high-profile businessman, receives a visit from Rolando Garro, the editor of a notorious magazine that specializes in salacious exposés. Garro presents Enrique with lewd pictures from an old business trip and demands that he invest in the magazine. Enrique refuses, and the next day the pictures are on the front page. Meanwhile, Enrique's wife is in the midst of a passionate and secret affair with the wife of Enrique's lawyer and best friend. When Garro shows up murdered, the two couples are thrown into a whirlwind of navigating Peru's unspoken laws and customs, while the staff of the magazine embark on their greatest exposé yet. Ironic and sensual, provocative and redemptive, the novel swirls into the kind of restless realism that has become Mario Vargas Llosa's signature style. A twisting, unpredictable tale, The Neighborhood is at once a scathing indictment of Fujimori's regime and a crime thriller that evokes the volubility of freedom in a corrupt system.

Chapters: Aunt Julia and the Scriptwriter, Captain Pantoja and the Special Service, Conversation in the Cathedral, Death in the Andes, In Praise of the Stepmother, The Bad Girl, The Dream of the Celt, The Feast of the Goat, The Green House, The Storyteller (novel), The Time of the Hero, The War of the End of the World, The Way to Paradise, Who Killed Palomino Molero?. Excerpt: The Feast of the Goat (Spanish:, 2000) is a novel by the Peruvian Nobel Prize in Literature laureate Mario Vargas Llosa. The book is set in the Dominican Republic and portrays the assassination of Dominican dictator Rafael Trujillo, and its aftermath, from two distinct standpoints: a generation apart—during and immediately after the assassination itself, in May 1961; and thirty-five years later, in 1996. Throughout, there is also extensive reflection on the heyday of the dictator's rule, in the 1930s, and its significance for the island and its inhabitants. The novel follows three interwoven storylines. The first concerns a woman, Urania Cabral, who is back in the Dominican Republic, after a long absence, to visit her ailing father; she ends up recalling incidents from her youth and recounting a long-held secret to her aunt and cousin. The second storyline focuses on the last day in Trujillo's life from the moment he wakes up onwards, and shows us the regime's inner circle, to which Urania's father once belonged. The third strand depicts Trujillo's assassins, many of whom had previously been government loyalists, as they wait for his car late that night after the assassination. This story line shows us the assassins' persecution. Each aspect of the book's plot reveals a different viewpoint on the Dominican Republic's political and social environment, past and present. Readers are shown the regime's downward spiral.

Harsh Times

"Mario Vargas Llosa's novel takes place in a Peruvian town, situated between desert and jungle, which is torn by boredom and lust. Don Anselmo, a stranger in a black coat, builds a brothel on the outskirts of the town while he charms its innocent people, setting in motion a chain reaction with extraordinary consequences." "This brothel, called the Green House, brings together the innocent and the corrupt: Ronald, a young Indian girl saved by the nuns only to become a prostitute; Father Garcia, struggling for the church; and four best friends drawn to both excitement and escape." "The conflicting forces that haunt the Green House evoke a world balanced between savagery and civilization - and one that is cursed by not being able to discern between the two."--BOOK JACKET.

Who Killed Palomino Molero?

In 1844, Flora Tristan embarked on a tour of France to campaign for workers' and women's rights. In 1891, her grandson set sail for Tahiti, determined to escape civilization and seek out inspiration to paint his primitive masterpieces. Flora died before her grandson was born, but their travels and obsessions unravel side by side in this absorbing novel. Flora, the illegitimate child of a wealthy Peruvian father and French mother, grows up in poverty, and after fleeing a brutal husband, journeys to Peru to demand her inheritance. On her return, she makes her name as a popular writer and a champion of the dispossessed, setting herself the arduous task of touring the French countryside to recruit members for her Workers' Union. Paul, struggling, prolific painter and stubborn visionary, abandons his wife and five children for life in the South Seas, where his dreams of paradise are poisoned by poverty, syphilis and the stifling forces of French colonialism, though he has his pick of teenage Tahitian lovers and paints none of his greatest works. A rare study of passion, ambition and the determined pursuit of greatness in the face of illness, death and conservative forces, The Way to Paradise shows a contemporary master at the peak of his powers.

The Discreet Hero

A landmark collection of essays on the Nobel laureate's conception of Latin America, past, present, and future. Throughout his career, the Nobel Prize winner Mario Vargas Llosa has grappled with the concept of Latin America on a global stage. Examining liberal claims and searching for cohesion, he continuously weighs the reality of the continent against the image it projects, and considers the political dangers and possibilities that face this diverse set of countries. Now this illuminating and versatile collection assembles these never-before-translated criticisms and meditations. Reflecting the intellectual development of the writer himself, these essays distill the great events of Latin America's recent history, analyze political groups like FARC and Sendero Luminoso, and evaluate the legacies of infamous leaders such as Papa Doc Duvalier and Fidel Castro. Arranged by theme, they trace Vargas Llosa's unwavering demand for freedom, his embrace of and disenchancement with revolutions, and his critique of nationalism, populism, indigenism, and corruption. From the discovery of liberal ideas to a defense of democracy, buoyed by a passionate invocation of Latin American literature and art, Sabers and Utopias is a monumental collection from one of our most important writers. Uncompromising and adamantly optimistic, these social and political essays are a paean to thoughtful engagement and a brave indictment of the discrimination and fear that can divide a society.

The Way to Paradise

Urania Cabral, a New York lawyer, returns to the Dominican Republic after a lifelong self-imposed exile. Once she is back in her homeland, the elusive feeling of terror that has overshadowed her whole life suddenly takes shape. Urania's own story alternates with the powerful climax of dictator Rafael Trujillo's reign. In 1961, Trujillo's decadent inner circle (which includes Urania's soon-to-be-disgraced father) enjoys the luxury of privilege while the rest of the nation lives in fear and deprivation. As Trujillo clings to power, a plot to push the Dominican Republic into the future is being formed. But after the murder of its hated dictator, the Goat, is carried out, the Dominican Republic is plunged into the nightmare of a bloody and uncertain aftermath. Now, thirty years later, Urania reveals how her own family was fatally wounded by the forces of history. In The Feast of the Goat Mario Vargas Llosa eloquently explores the effects of power and violence on the lives of both the oppressors and those they victimized. 'The Feast of the Goat will stand out as the great emblematic novel of Latin America's twentieth century and removes One Hundred Years of Solitude of that title,' Times Literary Supplement

Fabulous Feasts
**Novels by Mario Vargas Llosa**

"Toenails cut while dining, meals served to wax effigies of the dead, napkins concealing singing birds, dishes descending from the ceiling - these are just a few of the more exotic aspects of everyman at table. From the stupendous banquets of the Ancient Babylonians, Feast covers five millennia of formal eating. "Feast offers a fascinating and, at times, highly unusual mirror of society. It gathers together for the first time all the ingredients which contributed to the phenomenon of the celebratory meal: the people, the clothes, the food, the setting, the action and its circumstances." "In an age which has virtually abolished the shared meal as a central feature of daily living, Feast presents a revelatory picture of a world we have lost. Beautifully illustrated, it traces fashions in food and the etiquette of eating, taking the reader from the elegancies of the Roman villa to the austerities of the monastic refectory, from the splendours of the Renaissance banquet to the rigours of the Victorian dinner party."--Jacket.
